This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

THE HOUSE OF REPRESENTATIVES.

CONGRESS OF THE UNITED STATES:

BEGUN and held at the Capitol, in the city of Washington, in the District of Columbia, on Monday, the fifteenth day of October, in the year of our Lord one thousand eight hundred and seventy-seven; being the *First Session* of the FORTY-FIFTH Congress, held under the Constitution of the Government of the United States, and in the one hundred and second year of the Independence of said States.

On which day, being the day fixed by proclamation of the President of the United States of the 5th of May, 1877, for the meeting of Congress, which said proclamation is in the words following, to wit:

By the President of the United States of America.

A PROCLAMATION.

Whereas the final adjournment of the Forty-fourth Congress without making the usual appropriations for the support of the Army for the fiscal year ending June 30, 1878, presents an extraordinary occasion, requiring the President to exercise the power vested in him by the Constitution to convene the houses of Congress in anticipation of the day fixed by law for their next meeting:

Now, therefore, I, Rutherford B. Hayes, President of the United States, do, by virtue of the power to this end in me vested by the Constitution, convene both houses of Congress to assemble at their respective Chambers at twelve o'clock, noon, on Monday, the fifteenth day of October next, then and there to consider and determine such measures as, in their wisdom, their duty and the welfare of the people may seem to demand.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this fifth day of May, in the year of our Lord one thousand eight hundred and seventy-seven, and of the Independence of the United States of America the one hundred and first.

Two hundred and ninety members having answered to their names, The Clerk announced that a quorum was present.

Whereupon

Mr. Wood moved that the House proceed to the election of a Speaker *viva voce*, and demanded the previous question thereon.

Pending which,

Mr. Hale, as a question of privilege, submitted the following preamble and resolution, viz:

Whereas James B. Belford presents the only certificate of election as a Representative in the Forty-fifth Congress given by the duly constituted authorities of the State of Colorado; and whereas the Clerk of the House of Representatives for the Forty-fourth Congress has set aside said legal certificate presented by said James B. Belford, thereby without law assuming rights and authority which only belong to the House: Therefore,

Resolved, That the name of Thomas M. Patterson be stricken from the roll of this House as Representative in the Forty-fifth Congress from the State of Colorado, and that the name of James B. Belford be placed upon said roll as a Representative in said Congress.

Mr. Cox made the point of order that the resolution was not in order, the Clerk having absolute control over the roll of the House.

The Clerk sustained the point of order, and stated the question to be on seconding the demand for the previous question.

Mr. Hale appealed from the decision of the Clerk.

The Clerk declined to entertain the appeal, on the ground that it was not competent for the Representatives-elect to instruct the Clerk in the performance of a duty imposed upon him by law, and for the further reason that a higher question of privilege was pending, on which the previous question had been demanded.

The previous question was then seconded and the main question ordered, and under the operation thereof the motion of Mr. Wood was agreed to.

The Clerk having stated that nominations were in order,

Nominations were made as follows, viz:

By Mr. Clymer: Samuel J. Randall, of Pennsylvania;

By Mr. Hale: James A. Garfield, of Ohio.

The Clerk appointed Mr. Clymer, Mr. Banning, Mr. Foster, and Mr. Fort to act as tellers.

A message in writing was received from the President of the United States, by Mr. Rogers, his private secretary; which was handed in at the Speaker's table.

The Speaker stated the case next in order to be that of Richard H. Cain, of South Carolina;

When

Mr. Clarke submitted the following resolution:

Cain, contestants, respectively, claiming a seat in this House from the second district of South Carolina, be referred to the Committee of Elections, hereafter to be appointed; and until such committee shall have reported in the premises and the House has decided such question, neither of said contestants shall be admitted to a seat.

Pending which,

Mr. Hale submitted the following resolution as an amendment in the nature of a substitute:

Resolved, That Richard H. Cain be now sworn in as a Representative in this Congress from the second district of the State of South Carolina.

Mr. Clarke demanded the previous question; which was seconded and the main question ordered;

The said Richard H. Cain appeared, and, having taken the oath of office prescribed by section 1756 of the Revised Statutes, took his seat in the House.

Mr. Samuel S. Cox, by unanimous consent, presented certain papers in the contested-election case of Richardson *vs.* Rainey; which were referred to the Committee of Elections, when appointed.

Mr. Clarke, by unanimous consent, presented certain papers in the contested election case of O'Connor *vs.* Cain; which were referred to the Committee of Elections, when appointed.

The Speaker, by unanimous consent, laid before the House the following message, received this day, viz:

Fellow-citizens of the Senate and House of Representatives:

The adjournment of the last Congress without making appropriations for the support of the Army for the present fiscal year has rendered necessary a suspension of payments to the officers and men of the sums due them for services rendered after the 30th day of June last. The Army exists by virtue of statutes, which prescribe its numbers, regulate its organization and employment, and which fix the pay of its officers and men, and declare their right to receive the same at stated periods.

These statutes, however, do not authorize the payment of the troops in the absence of specific appropriations therefor. The Constitution has wisely provided that "no money shall be drawn from the Treasury but in consequence of appro riations made by law;" and it has also been declared by statute that "no Department of the Government shall expend in any one fiscal year any sum in excess of appropriations made by Congress for that fiscal year." We have, therefore, an Army in service, authorized by law and entitled to be paid, but no funds available for that purpose.

It may also be said, as an additional incentive to prompt action by Congress, that, since the commencement of the fiscal year, the Army, though without pay, has been constantly and actively employed in arduous and dangerous service, in the performance of which both officers and men have discharged their duty with fidelity and courage, and without complaint. These circumstances, in my judgment, constitute an extraordinary occasion, requiring that Congress be convened in advance of the time prescribed by law for your meeting in regular session. The importance of speedy action upon this subject on the part of Congress is so manifest that I venture to suggest the propriety of making the necessary appropriations for the support of the Army for the current year, at its present maximum numerical strength of twenty-five thousand men; leaving for future consideration all questions relating to an increase or decrease of the number of enlisted men. In the event of the reduction of the Army by subsequent legislation during the fiscal year, the excess of the appropriation could not be expended; and in the event of its enlargement, the additional sum required for the payment of the extra force could be provided in due time. It would be unjust to the troops now in service, and whose pay is already largely in arrears, if payment to them should be further postponed until after Congress shall have considered all the questions likely to arise in the effort to fix the proper limit to the strength of the Army.

Estimates of appropriations for the support of the military establishment for the fiscal year ending June 30, 1878, were transmitted to Congress by the former Secretary of the Treasury at the opening of its session in December last. These estimates, modified by the present Secretary, so as to conform to present requirements, are now renewed—amounting to $32,436,764.98—and, having been transmitted to both houses of Congress, are submitted for your consideration.

There is also required by the Navy Department $2,003,861.27. This sum is made up of $1,446,688.16 due to officers and enlisted men for the last quarter of the last fiscal year; $311,953.50 due for advances made by the fiscal agent of the Government in London for the support of the foreign service; $50,000 due to the naval-hospital fund; $150,000 due for arrearages of pay to officers; and $45,219.58 for the support of the Marine Corps.

There will also be needed an appropriation of $262,535.22 to defray the unsettled expenses of the United States courts for the fiscal year ending June 30 last, now due to attorneys, clerks, commissioners, and marshals, and for rent of court-rooms, the support of prisoners, and other deficiencies.

A part of the building of the Interior Department was destroyed by fire on the 24th of last month. Some immediate repairs and temporary structures have in consequence become necessary, estimates for which will be transmitted to Congress immediately, and an appropriation of the requisite funds is respectfully recommended.

The Secretary of the Treasury will communicate to Congress, in con-

nection with the estimates for the appropriations for the support of the Army for the current fiscal year, estimates for such other deficiencies in the different branches of the public service as require immediate action, and cannot, without inconvenience, be postponed until the regular session.

I take this opportunity also to invite your attention to the propriety of adopting at your present session the necessary legislation to enable the people of the United States to participate in the advantages of the International Exhibition of Agriculture, Industry, and the Fine Arts which is to be held at Paris in 1878, and in which this Government has been invited by the government of France to take part.

This invitation was communicated to this Government in May, 1876, by the minister of France at this capital, and a copy thereof was submitted to the proper committees of Congress at its last session, but no action was taken upon the subject.

The Department of State has received many letters from various parts of the country expressing a desire to participate in the exhibition, and numerous applications of a similar nature have also been made at the United States legation at Paris.

The Department of State has also received official advice of the strong desire on the part of the French government that the United States should participate in this enterprise, and space has hitherto been and still is reserved in the exhibition buildings for the use of exhibitors from the United States, to the exclusion of other parties who have been applicants therefor.

In order that our industries may be properly represented at the exhibition, an appropriation will be needed for the payment of salaries and expenses of commissioners, for the transportation of goods, and for other purposes in connection with the object in view; and as May next is the time fixed for the opening of the exhibition, if our citizens are to share the advantages of this international competition for the trade of other nations, the necessity of immediate action is apparent.

To enable the United States to co-operate in the International Exhibition which was held at Vienna in 1873, Congress then passed a joint resolution making an appropriation of two hundred thousand dollars, and authorizing the President to appoint a certain number of practical artisans and scientific men who should attend the exhibition and report their proceedings and observations to him. Provision was also made for the appointment of a number of honorary commissioners.

I have felt that prompt action by Congress in accepting the invitation of the government of France is of so much interest to the people of this country, and so suitable to the cordial relations between the governments of the two countries, that the subject might properly be presented for attention at your present session.

The government of Sweden and Norway has addressed an official invitation to this Government to take part in the International Prison Congress, to be held at Stockholm next year. The problem which the congress proposes to study—how to diminish crime—is one in which all civilized nations have an interest in common; and the congress of Stockholm seems likely to prove the most important convention ever held for the study of this grave question. Under authority of a joint resolution of Congress, approved February 16, 1875, a commissioner was appointed by my predecessor to represent the United States upon that occasion, and the prison congress having been, at the earnest desire of the Swedish government, postponed to 1878, his commission was renewed by me. An appropriation of eight thousand dollars was made in the sundry civil-service act of 1875 to meet the expenses of the com-

missioner. I recommend the re-appropriation of that sum for the same purpose, the former appropriation having been covered into the Treasury, and being no longer available for the purpose without further action by Congress. The subject is brought to your attention at this time in view of circumstances which render it highly desirable that the commissioner should proceed to the discharge of his important duties immediately.

As the several acts of Congress providing for detailed reports from the different Departments of the Government require their submission at the beginning of the regular annual session, I defer until that time any further reference to subjects of public interest.

R. B. HAYES.

EXECUTIVE MANSION,
Washington, October 17, 1877.

To the Senate and House of Representatives:

I have the honor to transmit herewith a report of the Secretary of the Navy, setting forth the particulars with reference to the existing deficiencies in the Navy Department.

R. B. HAYES.

EXECUTIVE MANSION,
Washington, October 17, 1877.

The Speaker stated the case next in order to be that of E. W. Robertson, of the sixth district of Louisiana.

When

Mr. Frye submitted the following preamble and resolution, viz:

Whereas Charles E. Nash presents a certificate of election as a Representative to the Forty-fifth Congress, given by Governor William P. Kellogg, the then duly recognized and acting governor of the State of Louisiana, issued on the 9th day of December, 1876, in strict conformity

to law; and whereas the Clerk of the House of Representatives for the Forty-fourth Congress has set aside said certificate, and has placed upon the roll of this House as a Representative in the Forty-fifth Congress the name of E. W. Robertson, the returns of whose election were made by a returning-board, created long after the election in which said Robertson claims to have been elected, without any original returns before them, to Governor Nicholls, voted for and elected, if at all, at the same general election, and whose certificate is given by the said Governor Nicholls, having no authority in law in these premises: Therefore,

Resolved, That the name of E. W. Robertson be stricken from the roll of this House as a Representative in the Forty-fifth Congress from the State of Louisiana, and that the name of Charles E. Nash be placed upon said roll as a Representative in said Congress.

Pending which,

Mr. Ellis submitted the following resolution as an amendment in the nature of a substitute, viz:

Resolved, That Edward W. Robertson, of the sixth congressional district of Louisiana, be now sworn in as the Representative from that district, reserving to Charles E. Nash the right to contest.

Mr. Ellis demanded the previous question; which was seconded and the main question ordered.

And the question being put,

Will the House agree to the said amendment?

And it was decided in the affirmative.

The question then recurring on the resolution as amended, the same was adopted.

Mr. Ellis moved to reconsider the vote last taken, and also moved that the motion to reconsider be laid on the table; which latter motion was agreed to.

The said E. W. Robertson appeared, and, having taken the oath of office prescribed by section 1757 of the Revised Statutes, took his seat in the House.

Mr. Leonard, by unanimous consent, submitted the following resolution; which was read, considered, and agreed to, viz:

Resolved, That George L. Smith, claiming a seat from the fourth district of Louisiana, and C. E. Nash, claiming a seat from the sixth district of said State, be allowed sixty days within which to file notice of contest and to take testimony.

Ordered, That leave be granted for the withdrawal of the said papers.

Mr. Roberts, from the Committee of Accounts, submitted the following report, viz:

The same having been read,

Mr. Hooker, submitted the following amendment, viz:

Amend by inserting, "a clerk for the Committee on the Library."

Mr. Roberts demanded the previous question; which was seconded and the main question ordered,

And being put,

Will the house agree to the said amendment?

It was decided in the negative.

Mr. Samuel S. Cox, by unanimous consent, submitted the following amendment, which was agreed to, viz: "the clerk of the Committee on Manufactures and Agriculture, and on the Militia, be also clerk to the Committee on the Library."

The main question was then put, viz:

Will the House agree to the said resolution as amended,

And it was decided in the affirmative.

Mr. Roberts moved to reconsider the vote last taken, and also moved that the motion to reconsider be laid on the table; which latter motion was agreed to.

The call of committees was then resumed and concluded.

The Speaker announced as the business next in order, the unfinished business of yesterday's morning hour, viz, the bill of the House (H. R. 5) to repeal the third section of the act entitled "An act to provide for the resumption of specie payments," the pending question being the motion of Mr. Ewing to recommit the bill to the Committee on Banking and Currency.

Mr. Conger made the point of order that this being private-bill day the said bill could not be considered, and moved that the House resolve itself into a Committee of the Whole House.

The Speaker overruled the point of order, on the ground that there was no private calendar and that the unfinished business of the previous morning hour was first in order.

The House accordingly proceeded to the consideration of the said bill,

When

Mr. Ewing withdrew the motion to recommit the bill to the Committee on Banking and Currency.

Mr. Fort submitted an amendment in the nature of a substitute:

Mr. Ewing demanded the previous question on the bill and pending amendment;

Pending which,

Mr. Hale moved that the same do lie on the table.

And the question being put,

It was decided in the negative, { Yeas ..... 107 / Nays ..... 140 / Not voting ..... 43 }

Be it resolved, That the Committee on the Judiciary be, and they are hereby, authorized and requested to examine into the parliamentary precedents in such cases, and report whether there has been any invasion of the rights and privileges of this House; whether the detention of said Smalls is legal and justifiable; and what, if any, action ought to be taken by the House under the circumstances of this case, and report thereon forthwith; and said committee are further authorized to send for persons and papers, if in their judgment it be necessary to a full and complete investigation of the matter committed to them.

So the House decided to consider the said motion.

Pending which,

Mr. Finley, at 2 o'clock and 50 minutes p. m., moved that the House adjourn; which motion was disagreed to.

The question then recurring on the motion of Mr. Swann,

Pending which,

Mr. Swann further moved that all debate on the said joint resolution shall be limited to four hours.

Pending which,

Mr. Lapham moved to strike out "four" and insert one.

Mr. Conger made the point of order that the question must first be put on the longest time.

The Speaker sustained the point of order.

And the question being put on the motion of Mr. Swann, the same was agreed to.

The question then recurring on the original motion of Mr. Swann, the same was agreed to, and the House accordingly resolved itself into the Committee of the Whole House on the state of the Union; and after some time spent therein the Speaker resumed the chair, and Mr. Springer reported that the committee, having had under consideration the joint resolution of the House (H. Res. 48) in relation to the international industrial exposition to be held in Paris in 1878, had come to no resolution thereon.

Mr. Durham, at 4 o'clock and 25 minutes p. m., moved that the House adjourn.

Pending which,

The Speaker, by unanimous consent, laid before the House a letter from the Secretary of War, transmitting for the information of the Committee on Commerce a report of the Chief of Engineers, United States Army, relative to obstructions in the Red River above Shreveport, Louisiana; which was referred to the Committee on Commerce and ordered to be printed.

By unanimous consent, leave of absence was granted as follows, viz

To Mr. Aiken, for one week;

To Mr. James L. Evans, for ten days.

Mr. Herbert, by unanimous consent, introduced a bill (H. R. 1525) to put into market certain timber-lands of the United States, and for other purposes; which was read twice, referred to the Committee on the Public Lands, and ordered to be printed.

And then

The motion of Mr. Durham was agreed to, and the House accordingly adjourned.

Mr. Southard, by unanimous consent, submitted the following resolution; which was referred to the Committee of Accounts, viz:

Resolved, That the Committee on the Revision of the Laws regulating the Counting of the Electoral Votes for President and Vice-President be allowed a clerk, and that said clerk be paid the same compensation which is or may be allowed to the clerks of other committees, to be paid out of the miscellaneous contingent fund of the House or otherwise.

The regular order being demanded, the Speaker announced as the regular order of business the bill of the House (H. R. 805) to repeal the third section of the act entitled "An act to provide for the resumption of specie payments," under the order of the House of the 5th instant.

Pending which,

Mr. Swann moved that the House resolve itself into the Committee of the Whole House on the state of the Union for the further consideration of the joint resolution (H. Res. 48) in relation to the international industrial exposition to be held in Paris in 1878.

Mr. Buckner made the point of order that the motion was not in order, the said joint resolution not being one of the regular appropriation bills exempted by the resolution making the bill of the House No. 805 (resumption repeal) a special order.

The Speaker overruled the point of order, on the ground that the language of the said resolution was, "not to interfere with *any* appropriation bills," and as the said joint resolution was clearly "an appropriation bill," it was exempted from the restrictive terms of the said resolution.

The question being then put on the motion of Mr. Swann, the same was agreed to; and the House accordingly resolved itself into the Committee of the Whole House on the state of the Union, and after some time spent therein the Speaker resumed the chair, and Mr. Springer reported that the committee, having had under consideration the joint resolution of the House (H. Res. 48) in relation to the international industrial exposition to be held in Paris in 1878, had come to no resolution thereon.

A message from the Senate, by Mr. Sympson, one of their clerks:

Mr. Speaker: The Senate have receded from its amendments numbered 3, 4, 11, and 14 to the bill of the House (H. R. 902) making appropriations for the support of the Army for the fiscal year ending June 30, 1878, and for other purposes.

The Senate have passed, without amendment, a bill of the House (H. R. 1265) authorizing the changing of the name of the ship Samuel G. Reed.

The Senate have passed a bill of the following title, viz, (S. 220,) to authorize the Secretary of the Treasury to purchase a lot of land, for the use of the government, in Providence, Rhode Island; in which I am directed to ask the concurrence of the House of Representatives.

On motion of Mr. Atkins, by unanimous consent, the Committee of the Whole House on the state of the Union was discharged from the further consideration of the bill of the House (H. R. 1521) to provide for deficiencies in the appropriations for the service of the government for the fiscal year ending June 30, 1878, and for prior years, and for other purposes, and the same was recommitted to the Committee on Appropriations.

Mr. Shelley, by unanimous consent, submitted the following resolution; which was referred to the Committee on Naval Affairs, viz:

Resolved, That the Secretary of the Navy inform this House what *naval vessels have been put* under repairs since the 1st of March last,

with the name, and cost of the same to date, and the amount that will be necessary to put them in sea-going condition.

And then,

On motion of Mr. Luttrell, at 4 o'clock and 40 minutes p. m., the House adjourned.

TUESDAY, NOVEMBER 20, 1877.

The following memorials, petitions, and other papers were laid on the Clerk's desk, under the rule, and referred as follows, viz:

By Mr. Chalmers: Papers relating to the claim of Abraham Bazinsky, for property taken by the United States Army;

After debate.

The main question having been ordered to be put on the bill and pending amendments,

The House proceeded to the consideration of the said amendments;

When the amendment, in the nature of a substitute, submitted by Mr. Fort was agreed to, as follows, viz:

Strike out all after the enacting clause and insert the following:

That all that portion of the act approved January 14, 1875, *entitled "An act to provide for the resumption of specie payments," which reads as follows, to wit: "And whenever and so often as circulating notes shall be issued to any such banking association, so increasing its capital or circulating notes, or so newly organized as aforesaid, it shall be the duty of the Secretary of the Treasury to redeem the legal-tender United States notes in excess only of* $300,000,000, *to the amount of* 80 *per cent. of the sum of national-bank notes so issued to any such banking association as aforesaid, and to continue such redemption as such circulating notes are issued until there shall be outstanding the sum of* $300,000,000 *of such legal-tender United States notes, and no more. And on and after the* 1st *day of January, A. D.* 1879, *the Secretary of the Treasury shall redeem, in coin, the United States legal-tender notes then outstanding, on their presentation for redemption at the office of the assistant treasurer of the United States in the city of New York, in sums of not less than* $50. *And to enable the Secretary of the Treasury to prepare and provide for the redemption in this act authorized or required, he is authorized to use any surplus revenue, from time to time, in the Treasury, not otherwise appropriated, and to issue, sell, and dispose of, at not less than par, in coin, either of the descriptions of bonds of the United States described in the act of Congress approved July* 14, 1870, *entitled 'An act to authorize the refunding of the national debt,' with like qualities, privileges, and exemptions, to the extent necessary to carry this act into full effect, and to use the proceeds thereof for the purposes aforesaid," be, and the same is hereby, repealed.*

Ordered, That the title to the said bill be amended so as to read as follows, viz:

A bill to repeal all that part of the act approved January 14, 1875, *known as the resumption act, which authorized the Secretary of the Treasury to dispose of United States bonds and redeem and cancel the greenback currency.*

The amendment submitted by Mr. Hubbell having been read, as follows, viz:

Strike out all after the enacting clause and insert the following:

That so much of section 3 *of an act to provide for resumption of specie payments approved January* 14, 1875, *as provides for the redemption in coin by the United States of all legal-tender notes outstanding on the* 1st *day of January*, 1879, *embraced in the clause of said section of said act in the language following, to wit: "And on and after the* 1st *day of January, A. D.* 1879, *the Secretary of the Treasury shall redeem in coin the United States legal-tender notes then outstanding, on their presentation for redemption at the office of the assistant treasurer of the United States in the city of New York, in sums of not less than* $50," *shall be so construed as not to authorize or require the Secretary of the Treasury to retire and cancel said notes redeemed as aforesaid, but to authorize and require said Secretary to deposit said notes in the Treasury of the United States, whereupon said notes shall be paid out, at par value, in discharge of all claims and demands against the United States or in exchange for coin; and said notes shall, as heretofore, continue to be a legal tender, and on and after January* 1, 1879, *shall be receivable, at their face value, in payment of all dues to the government, and for all debts, except where coin payment is stipulated by contract or statute; and all provisions of law in conflict with this act are hereby repealed.*

Amend the title so as to read: *A bill to declare the construction of so much of section 3 of an act entitled "An act to provide for the resumption of specie payments," approved January 14, 1875, as provides for the redemption of the United States legal-tender notes outstanding on the 1st day of January, 1879, and to amend the said act of January 14, 1875, and other acts;*

Mr. Wood submitted the following resolution; which was read, and, under the operation of the previous question, was agreed to, viz:

Resolved, (*the Senate concurring*,) That the President of the Senate and the Speaker of the House of Representatives be, and they are hereby, directed to adjourn their respective houses, without day, at 3 o'clock p m. this day.

Ordered, That the Clerk request the concurrence of the Senate in the said resolution.

Mr. Wood moved to reconsider the vote last taken, and also moved that the motion to reconsider be laid on the table; which latter motion was agreed to.

Mr. Knott moved that the rules be suspended so as to enable him to introduce and the House to consider and pass a bill of the following title, viz:

A bill for the relief of the sufferers by the wreck of the United States steamer Huron.

And the question being put, the motion was agreed to, (two-thirds voting in favor thereof.)

Whereupon,

Mr. Knott introduced the said bill, viz:

A bill (H. R. 1746) for the relief of the sufferers by the wreck of the United States steamer Huron.

The House having proceeded to its consideration,

Amendments were severally submitted by Mr. Hale, Mr. Garfield, and Mr. Tucker; which said amendments were agreed to.

Mr. Chalmers, by unanimous consent, introduced a bill (H. R. 1747) authorizing the Secretary of the Treasury to purchase certain properties of the Freedman's Bank, situated in Washington, District of Columbia, and in Jacksonville, Florida, for the use of the United States; which was read twice, referred to the Committee on Public Buildings and Grounds, and ordered to be printed.

Mr. Pound moved that the rules be suspended so as to enable him to submit and the House to agree to the following resolution, viz:

Resolved, That the Architect of the Capitol be, and he is hereby, directed to procure suitable electrical instruments and cause the same to be placed in this Hall as early as practicable, with such arrangements and connections as to enable members and officers of the House to summon pages; the number and arrangements to be approved by the Speaker: *Provided*, That such instruments so duly placed shall be fully guaranteed, and together with all labor and other expenses shall not cost to exceed the sum of $2,000; the same when duly audited to be paid from the contingent fund of the House.

By unanimous consent, Mr. Pound modified his motion to suspend the rules so as to enable the Committee on Public Buildings and Grounds to report at this time a bill upon the subject indicated in the said resolution;

And the question being put, the motion to suspend the rules was not agreed to, (two-thirds not voting in favor thereof.)

Mr. Goode moved that the rules be suspended so as to enable him to introduce and the House to pass a bill of the following title, viz: "A bill to remove the disabilities imposed by the third section of the fourteenth article of the amendments to the Constitution of the United States."

Mr. Goode demanded the yeas and nays on the passage of the bill, and one-fifth of the members present voting in favor thereof, the yeas and nays were ordered.

Mr. Garfield moved an amendment, which was accepted by Mr. Goode, who proposed to modify his motion in accordance therewith.

When

Mr. John H. Baker objected to the proposed modification.

Whereupon

Mr. Goode withdrew his motion.

Mr. Goode thereupon moved that the rules be suspended so as to enable him to introduce and the House to pass the following bill, viz:

Wood, by unanimous consent, submitted the following resolution;

ved, That the Committee of Ways and Means be authorized to
a doorkeeper or assistant messenger, to be paid out of the con-
fund of the House of Representatives, who shall receive the same
sation as is now paid to the messengers appointed by the Door-

Wood moved to reconsider the vote last taken, and also moved
e motion to reconsider be laid on the table; which latter motion
reed to.
Wilson submitted the following preamble and resolution; which
erred to the Committee on the Post-Office and Post-Roads and
l to be printed, viz:
reas it is understood that a few successful bidders for contracts
ying the mails have been awarded large numbers of contracts,
it they have in many instances given substantially the same
es for the performance of their contracts, which securities are
late to the aggregate liability of each of the said bidders; and
s it is further understood that they have sublet many of those
ts to other parties, and that the subcontractor is at the mercy of
t contractor for his compensation: Therefore,
resolved, That the Committee on the Post-Office and Post-Roads
it is hereby, directed to report a bill in which provision shall be
ecuring to the said subcontractor compensation direct from the
ment for his services in the Postal Department.
Wilson also, by unanimous consent, submitted the following reso-
which was referred to the Committee of Accounts, viz:
ved, That the Clerk of this House be, and he is hereby, directed
out of the contingent fund under his control, to William M. Pat-
00, as pay for his services as messenger at the north door for the
of October, 1877.

Mr. Vance, by unanimous consent, submitted the following resolution; which was referred to the same committee, viz:

Resolved, That the Clerk of the House of Representatives be, and he is hereby, instructed to pay J. M. Hines the sum of $90.67, for services as messenger of the House of Representatives from January 10, 1877, to March 4, 1877, and from October 15 to November 1, 1877.

Mr. Dunnell, (the rules having been suspended for that purpose,) from the Committee on Commerce, to which was referred the bill of the House (H. R. 287) to change the name of the port of entry of the district of the Teche, in Louisiana, from Brashear to Morgan City, reported the same without amendment.

And the question being put, viz:

Shall the rules be suspended and the bill passed?

And it was decided in the affirmative, (two-thirds voting in favor thereof.)

So the bill was passed.

Ordered, That the Clerk request the concurrence of the Senate in the said bill.

Mr. Mills moved that the rules be suspended, so as to enable him to submit and the House to agree to the following resolution, viz:

Resolved, That the Committee of Ways and Means be instructed to so revise the tariff as to make it purely and solely a tariff for revenue, and not for protecting one class of citizens by plundering another.

Mr. Mills demanded the yeas and nays; which were ordered:

Yeas, 27; nays, 56.

Mr. John H. Baker made the point of order that a quorum had not voted on the said demand.

The Speaker overruled the point of order, on the ground that a quorum was not necessary to order the yeas and nays.

Mr. Clymer, at 2 o'clock and 25 minutes p. m., moved that the House adjourn; which motion was not agreed to.

Mr. Clymer moved to reconsider the vote by which the yeas and nays were ordered.

Mr. Burchard made the point of order that it was not in order to have the yeas and nays on a motion to reconsider the vote by which the yeas and nays were ordered.

The Speaker overruled the point of order, on the ground that the motion to reconsider could be made on any motion, whether carried in the affirmative or negative, except the motion to adjourn; and that, if carried in the affirmative, the question would immediately recur on ordering the yeas and nays, and, if then ordered by one-fifth of the members voting, a further motion to reconsider that vote would not be in order.

And the question being put, viz:

Will the House reconsider the vote by which the yeas and nays were ordered?

And it was decided in the negative,

Yeas	34
Nays	110

OF COMMITTEES OF THE WHOLE.

104. The House may at any time, by a vote of a majority of the members present, suspend the rules and orders for the purpose of going into the Committee of the Whole House on the state of the Union; and also for providing for the discharge of the Committee of the Whole House, and the Committee of the Whole House on the state of the Union—*January* 25, 1848—from the further consideration of any bill referred to it, after acting without debate on all amendments pending and that may be offered.—*March* 11, 1844.

105. In forming a Committee of the Whole House, the Speaker shall leave his chair, and a chairman, to preside in committee, shall be appointed by the Speaker.—*April* 7, 1789.

106. Whenever the Committee of the Whole on the state of the Union, or the Committee of the Whole House, finds itself without a quorum, the chairman shall cause the roll of the House to be called, and thereupon the committee shall rise, and the chairman shall report the names of the absentees to the House, which shall be entered on the journal.—*December* 18, 1847.

107. Upon bills committed to a Committee of the Whole House, the bill shall be first read throughout by the Clerk, and then again read and debated by clauses, leaving the preamble to be last considered; the body of the bill shall not be defaced or interlined; but all amendments, noting the page and line, shall be duly entered by the Clerk on a separate paper, as the same shall be agreed to by the committee, and so reported to the House. After report, the bill shall again be subject to be debated and amended by clauses before a question to engross it be taken.—*April* 17, 1789.

108. All amendments made to an original motion in committee shall be incorporated with the motion, and so reported.—*April* 7, 1789.

109. All amendments made to a report committed to a Committee of

the Whole House shall be noted and reported, as in the case of bills.—*April* 7, 1789.

110. No motion or proposition for a tax or charge upon the people shall be discussed the day on which it is made or offered, and every such proposition shall receive its first discussion in a Committee of the Whole House.—*November* 13, 1794.

111. No sum or quantum of tax or duty, voted by a Committee of the Whole House, shall be increased in the House until the motion or proposition for such increase shall be first discussed and voted in a Committee of the Whole House; and so in respect to the time of its continuance.—*November* 13, 1794.

112. All proceedings touching appropriations of money and all bills making appropriations of money or property, or requiring such appropriations to be made, or authorizing payments out of appropriations already made, shall be first discussed in a Committee of the Whole House.—*January* 13, 1874.

113. The rules of proceedings in the House shall be observed in a Committee of the Whole House so far as they may be applicable, except the rule limiting the times of speaking—*April* 7, 1789; but no member shall speak twice to any question until every member choosing to speak shall have spoken.—*December* 18, 1805.

114. In Committee of the Whole on the state of the Union, the bills shall be taken up and disposed of in their order on the calendar; but when objection is made to the consideration of a bill, a majority of the committee shall decide, without debate, whether it shall be taken up and disposed of or laid aside: *Provided*, That general appropriation bills, and, in time of war, bills for raising men or money, and bills concerning a treaty of peace, shall be preferred to all other bills, at the discretion of the committee; and when demanded by any member, the question shall first be put in regard to them—*July* 27, 1848; and all debate on special orders shall be confined strictly to the measure under consideration.—*March* 16, 1860.

OF BILLS.

115. Every bill shall be introduced on the report of a committee, or by motion for leave. In the latter case, at least one day's notice shall be given of the motion in the House, or by filing a memorandum thereof with the Clerk, and having it entered on the journal; and the motion shall be made, and the bill introduced, if leave is given, when resolutions are called for; such motion, or the bill when introduced, may be committed.—*April* 7, 1789; *September* 15, 1837; *and March* 2, 1838. But the Speaker shall not entertain a motion for leave to introduce a bill or joint resolution for the establishment or change of post-routes, and all propositions relating thereto shall be referred, under the rule, like petitions and other papers, to the appropriate committee.—*May* 5, 1870.

116. Every bill shall receive three several readings in the House previous to its passage; and bills shall be dispatched in order as they were introduced, unless where the House shall direct otherwise; but no bill shall be twice read on the same day without special order of the House.—*April* 7, 1789.

117. The first reading of the bill shall be for information, and, if opposition be made to it, the question shall be, "Shall this bill be rejected?" If no opposition be made, or if the question to reject be negatived, the bill shall go to its second reading without a question.—*April* 7, 1789.

118. Upon the second reading of a bill, the Speaker shall state it as

ready for commitment or engrossment; and, if committed, then a question shall be, whether to a select or standing committee, or to a Committee of the Whole House; if to a Committee of the Whole House, the House shall determine on what day—*November* 13, 1794; if no motion be made to commit, the question shall be stated on its engrossment; and if it be not ordered to be engrossed on the day of its being reported, it shall be placed on the general file on the Speaker's table, to be taken up in order.—*September* 14, 1837. But if the bill be ordered to be engrossed, the House shall appoint the day when it shall be read the third time.—*November* 13, 1874.

119. General appropriation bills shall be in order in preference to any other bills of a public nature, unless otherwise ordered by a majority of the House.—*September* 14, 1837.

And the House may at any time, by a vote of the majority of the members present, make any of the general appropriation bills a special order.—*March* 16, 1860.

120. No appropriation shall be reported in such general appropriation bills, or be in order as an amendment thereto, for any expenditure not previously authorized by law—*September* 14, 1837—unless in continuation of appropriations for such public works and objects as are already in progress; nor shall any provision in any such bill or amendment thereto, changing existing law, be in order except such as, being germane to the subject-matter of the bill, shall retrench expenditures.—*January* 18, 1876.

121. Upon the engrossment of any bill making appropriations of money for works of internal improvement of any kind or description, it shall be in the power of any member to call for a division of the question, so as to take a separate vote of the House upon each item of improvement or appropriation contained in said bill, or upon such items separately, and others collectively, as the members making the call may specify; and if one-fifth of the members present second said call, it shall be the duty of the Speaker to make such divisions of the question, and put them to vote accordingly.—*February* 26, 1846.

122. The bills from the Court of Claims shall, on being laid before the House, be read a first and second time, committed to a Committee of the Whole House, and, together with the accompanying reports, printed.—*March* 16, 1860.

123. A motion to strike out the enacting words of a bill shall have precedence of a motion to amend; and, if carried, shall be considered equivalent to its rejection.—*March* 16, 1822. Whenever a bill is reported from a Committee of the Whole, with a recommendation to strike out the enacting words, and such recommendation is disagreed to by the House, the bill shall stand recommitted to the said committee without further action by the House.—*March* 16, 1860. But before the question of concurrence is submitted, it is in order to entertain a motion to refer the bill to any committee, with or without instructions, and when the same is again reported to the House, it shall be referred to the Committee of the Whole without debate, and resume its original place on the calendar.—*May* 26, 1870.

124. After commitment and report thereof to the House, or at any time before its passage, a bill may be recommitted—*April* 7, 1789; and should such recommitment take place after its engrossment, and an amendment be reported and agreed to by the House, the question shall be again put on the engrossment of the bill.—*March* 16, 1860.

125. All bills ordered to be engrossed shall be executed in a fair round hand.—*April* 7, 1789.

126. No amendment by way of *rider* shall be received to any bill on its third reading.—*April* 8, 1814.

127. When a bill shall pass, it shall be certified by the Clerk, noting the day of its passage at the foot thereof.—*April* 7, 1789.

LOCAL OR PRIVATE BUSINESS.

128. Friday in every week shall be set apart for the consideration of private bills and private business, in preference to any other, unless otherwise determined by a majority of the House.—*January* 22, 1810; *January* 26, 1826; and *May* 8, 1874.

129. On the first and fourth Friday of each month, the calendar of private bills shall be called over (the Chairman of the Committee of the Whole House commencing the call where he left off the previous day), and the bills to the passage of which no objection shall then be made shall be first considered and disposed of.—*January* 25, 1839. But when a bill is again reached, after having been once objected to, the committee shall consider and dispose of the same, unless it shall again be objected to by at least five members.—*March* 16, 1860; *May* 8, 1874.

OF BILLS ON LEAVE AND RESOLUTIONS.

130. All the States and Territories shall be called for bills on leave and resolutions every Monday during each session of Congress; and, if necessary to secure the object on said days, all resolutions which shall give rise to debate shall lie over for discussion, under the rules of the House already established; and the whole of said days shall be appropriated to bills on leave and resolutions, until all the States and Territories are called through.—*February* 6, 1838. And the Speaker shall first call the States and Territories for bills on leave, and all bills so introduced during the first hour after the journal is read shall be referred, without debate, to their appropriate committees: *Provided, however*, That a bill so introduced and referred, and all bills at any time introduced by unanimous consent and referred, shall not be brought back into the House upon a motion to reconsider.—*March* 16, 1860, and *January* 11, 1872. And on said call, joint resolutions of State and Territorial legislatures for printing and reference may be introduced.—*January* 11, 1867.

OF PETITIONS AND MEMORIALS.

131. Members having petitions and memorials to present may hand them to the Clerk, indorsing the same with their names, and the reference or disposition to be made thereof; and such petitions and memorials shall be entered on the journal, subject to the control and direction of the Speaker, and if any petition or memorial be so handed in which, in the judgment of the Speaker, is excluded by the rules, the same shall be returned to the member from whom it was received.—*March* 29, 1842.

OF THE PREVIOUS QUESTION.

132. The previous question shall be in this form: "Shall the main question be now put?"—*April* 7, 1789. It shall only be admitted when demanded by a majority of the members present—*February* 24, 1812; and its effects shall be to put an end to all debate, and to bring the House to a direct vote upon a motion to commit, if such motion shall have been made; and if this motion does not prevail, then upon amendments reported by a committee, if any; then—August 5, 1848—upon

pending amendments, and then upon the main question.—*January* 14, 1840. But its only effect, if a motion to postpone is pending, shall be to bring the House to a vote upon such motion. Whenever the House shall refuse to order the main question, the consideration of the subject shall be resumed as though no motion for the previous question had been made. The House may also, at any time, on motion seconded by a majority of the members present, close all debate upon a pending amendment. or an amendment thereto, and cause the question to be put thereon; and this shall not preclude any further amendment or debate upon the bill. A call of the House shall not be in order after the previous question is seconded, unless it shall appear, upon an actual count by the Speaker, that no quorum is present.—*March* 16, 1860.

133. On a previous question there shall be no debate.—*December* 17, 1805. All incidental questions of order, arising after a motion is made for the previous question, and pending such motion, shall be decided, whether on appeal or otherwise, without debate.—*September* 15, 1837.

OF REPORTERS.

135. Stenographers and reporters, other than the official reporters of the House, wishing to take down the debates, may be admitted by the Speaker to the reporters' gallery over the Speaker's chair, but not on the floor of the House; but no person shall be allowed the privilege of said gallery under the character of stenographer or reporter without a written permission of the Speaker, specifying the part of said gallery assigned to him; nor shall said stenographer or reporter be admitted to said gallery unless he shall state in writing for what paper or papers he is employed to report; nor shall he be so admitted, or, if admitted, be suffered to retain his seat, if he shall be or become an agent to prosecute any claim pending before Congress; and the Speaker shall give his written permission with this condition.—*December* 23, 1857.

UNFINISHED BUSINESS OF THE SESSION.

136. After six days from the commencement of a second or subsequent session of any Congress, all bills, resolutions, and reports which originated in the House, and at the close of the next preceding session remained undetermined, shall be resumed and acted on in the same manner as if an adjournment had not taken place.—*March* 17, 1848. And all business before committees of the House at the end of one session shall be resumed at the commencement of the next session of the *same Congress, as if no* adjournment had taken place.—March 16, 1860.

MISCELLANEOUS.

137. Whenever confidential communications are received from the President of the United States, the House shall be cleared of all persons, except the members, Clerk, Sergeant-at-Arms, and Doorkeeper, and so continue during the reading of such communications, and (unless otherwise directed by the House) during all debates and proceedings to be had thereon. And when the Speaker, or any other member, shall inform the House that he has communications to make which he conceives ought to be kept secret, the House shall, in like manner, be cleared till the communication be made; the House shall then determine whether the matter communicated requires secrecy or not, and take order accordingly.—*February* 17, 1792, and *December* 30, 1793.

138. The rule for paying witnesses summoned to appear before this House, or either of its committees, shall be as follows: For each day a witness shall attend, the sum of four dollars; for each mile he shall travel in coming to or going from the place of examination, the sum of five cents each way; but nothing shall be paid for traveling when the witness has been summoned at the place of trial.—*May* 21, 1872.

141. When the reading of a paper is called for, and the same is objected to by any member, it shall be determined by a vote of the House.—*November* 13, 1794.

142. When a question is postponed indefinitely, the same shall not be acted upon again during the session.—*December* 17, 1805.

143. Every order, resolution, or vote, to which the concurrence of the Senate shall be necessary, shall be read to the House, and laid on the table, on a day preceding that in which the same shall be moved, unless the House shall otherwise expressly allow.—*April* 7, 1789.

144. The rules of parliamentary practice comprised in Jefferson's Manual shall govern the House in all cases to which they are applicable, and in which they are not inconsistent with the standing rules and orders of the House, and joint rules of the Senate and House of Representatives.—*September* 15, 1837.

145. No standing rule or order of the House shall be rescinded or changed without one day's notice being given of the motion therefor—*November* 13, 1794; nor shall any rule be suspended, except by a vote of at least two-thirds of the members present—*March* 13, 1822; nor shall the order of business, as established by the rules, be postponed or changed, except by a vote of at least two-thirds of the members present; nor shall the Speaker entertain a motion to suspend the rules, except during the last six days of the session, and on Monday of every week at the expiration of one hour after the journal is read—*April* 26, 1828, and *June* 22, 1874—unless the call of States and Territories for bills on leave and resolutions has been earlier concluded, when the Speaker may entertain a motion to suspend the rules.—*June* 8, 1864.

147. These rules shall be the rules of the House of Representatives of the present and succeeding Congresses unless otherwise ordered.—*March* 19, 1860.

148. An additional standing committee shall be appointed at the commencement of each Congress, whose duties shall continue until the first session of the ensuing Congress, to consist of seven members, to be entitled a "Committee on Coinage, Weights, and Measures;" and to this committee shall be referred all bills, resolutions, and communications to the House upon that subject.—*January* 21, 1864; *March* 2, 1867.

22. QUESTIONS OF ORDER

ECIDED BY THE CLERK, THE SPEAKER, AND SPEAKER PRO TEMPORE AT THE FIRST SESSION OF THE FORTY-FIFTH CONGRESS, COMMENCING OCTOBER 15 AND ENDING DECEMBER 3, 1877.

ORGE M. ADAMS, OF KENTUCKY, CLERK; SAMUEL J. RANDALL, OF ENNSYLVANIA, SPEAKER; MILTON SAYLER, OF OHIO, SPEAKER PRO EMPORE.

OCTOBER 15, 1877, (pp. 9 and 10.)

Mr. Wood moved that the House proceed to the election of a Speaker *va voce*, and demanded the previous question thereon.

Pending which,

Mr. Hale, as a question of privilege, submitted the following preamble and resolution, viz:

Whereas James B. Belford presents the only certificate of election as Representative in the Forty-fifth Congress given by the duly-constituted authorities of the State of Colorado; and whereas the Clerk of the House of Representatives for the Forty-fourth Congress has set aside said legal certificate presented by said James B. Belford, thereby without law assuming rights and authority which only belong to the House: Therefore,

Resolved, That the name of Thomas M. Patterson be stricken from the roll of this House as Representative in the Forty-fifth Congress from the State of Colorado, and that the name of James B. Belford be placed upon said roll as a Representative in said Congress.

Mr. Cox made the point of order that the resolution was not in order, the Clerk having absolute control over the roll of the House.

The Clerk sustained the point of order, and stated the question to be on seconding the demand for the previous question.

Mr. Hale appealed from the decision of the Clerk.

The Clerk declined to entertain the appeal, on the ground that it was not competent for the Representatives-elect to instruct the Clerk in the performance of a duty imposed upon him by law, and for the further reason that a higher question of privilege was pending, on which the previous question had been demanded.

TUESDAY, OCTOBER 16, 1877 (p. 15.)

Mr. Hale, as a question of privilege, called up the case of James B. Belford, claiming a seat as Representative from the State of Colorado.

Mr. Cox made the point of order that the question must first be taken in the case of the member first required to stand aside.

The Speaker sustained the point of order.

The Speaker thereupon stated the case of Joseph H. Rainey, of South Carolina, to be first in order.

MONDAY, OCTOBER 29, 1877 (p. 97).

Mr. Bland moved that the rules be suspended, so as to enable him to introduce, and the House to pass, a bill to authorize the coinage of a dollar of 412½ grains silver standard, and for other purposes.

Pending which,

Mr. Sampson made the point of order that, under the resolution submitted by Mr. Durham and adopted by the House, the call of States for resolutions was now in order.

The Speaker overruled the point of order.

THURSDAY, NOVEMBER 1, 1877 (pp. 115, 116).

Mr. Potter, as a question of privilege, submitted the following resolution, viz:

Resolved, That when the House adjourns to-morrow it adjourn to meet upon Tuesday next, and that when it then meets no business shall be in order but a motion to then adjourn to the following Thursday.

Mr. Burchard made the point of order that the latter portion of the resolution required unanimous consent for its present consideration.

The Speaker sustained the point of order, and Mr. Potter thereupon modified the resolution to read as follows, viz:

Resolved, That when the House adjourns to-morrow it adjourn to meet on Tuesday next.

Debate arising,

Mr. Pridemore made the point of order that the resolution was not debatable.

The Speaker sustained the point of order.

The question then being on the adoption of the resolution, the same was rejected.

Mr. Ellsworth, at 2 o'clock and 15 minutes p. m., moved that the House adjourn; which motion was not agreed to.

Mr. Springer made the point of order, that unless a motion be made to proceed to the regular order, the question before the House was the bill of the House (H. R. 805) reported from the Committee on Banking and Currency by Mr. Ewing.

The Speaker overruled the point of order, on the ground that the morning hour was limited to sixty minutes, and that the bill named had taken its place in the morning hour and could not be taken out except by unanimous consent.

FRIDAY, NOVEMBER 2, 1877 (p. 121).

The Speaker announced as the business next in order, the unfinished business of yesterday's morning hour, viz, the bill of the House (H. R. 805) to repeal the third section of the act entitled "An act to provide for the resumption of specie payments," the pending question being the motion of Mr. Ewing to recommit the bill to the Committee on Banking and Currency.

Mr. Conger made the point of order that this being private-bill day the said bill could not be considered, and moved that the House resolve itself into a Committee of the Whole House.

The Speaker overruled the point of order, on the ground that there was no private calendar and that the unfinished business of the previous morning hour was first in order.

TUESDAY, NOVEMBER 6, 1877, (p. 159.)

Mr. Whitthorne, from the Committee on Naval Affairs, reported the following resolution, viz:

Resolved, That the Committee on Naval Affairs be, and they are hereby, instructed to make a thorough investigation into the matters of deficiency, and the diversion of appropriations from the special objects to which they were applied by law and the expenditure of them for other and different objects, as mentioned by the Secretary of the Navy in his report to the President of the United States of date October 9, 1877; with power upon the part of said committee to send for persons and papers, examine witnesses if necessary, and with leave to report by bill or otherwise.

Mr. Frye made the point of order that the House not having referred any measure, bill, petition, or resolution to the Committee on Naval Affairs for an investigation, as proposed by the foregoing resolution, it was not competent for the committee to report the same at this time.

The Speaker *pro tempore* (Mr. Sayler) sustained the point of order on the ground that the resolution was not a "measure" within the meaning of Rule 89.

FRIDAY, NOVEMBER 16, 1877, (pp. 222, 223.)

Mr. Mills, by unanimous consent, submitted the following resolution, viz:

Resolved, That the Committee on Military Affairs be, and they are hereby, directed to inquire into and report to this House the strength of the cavalry and infantry regiments of the United States Army, how many cavalry and how many infantry regiments are employed on the Texas frontier, the number and character of the troops employed there, the condition and military management of the frontier, and what additional military forces are needed to protect the people of Texas from Mexican raiders.

Pending which,

Mr. Banning submitted the following as an amendment thereto, viz:

Resolved, That the Committee on Military Affairs be, and they are hereby, instructed to inquire into—

1. *The total number of general, staff, field, and line officers, non-commissioned officers, musicians, artificers, wagoners, and other enlisted men and employés in all branches of the Army on the 1st day of July, the 1st day of September, and the 1st day of November*, 1877, *respectively, and where, how, and in what service such officers and men have been employed during the present fiscal year.*

2. *The number and rank of officers on the retired list.*

3. *The number and rank of all officers on the active list who are unassigned and the reason why they are so unassigned, the number and rank of officers on the active list physically unfit for the proper discharge of their duties by reason of age, disease, or other disability, and the number and rank of all officers upon leave of absence during the present fiscal year, and the length of such leave in each case.*

4. *The condition of affairs on the frontier of the State of Texas, the number and character of the troops in the Department of Texas, the conduct of military operations in that department, and what, if any, additional military protection ought to be provided for the people on that frontier against Indian and Mexican marauders.*

5. *The number and location of all military headquarters, forts, and posts, the annual cost of maintaining each of them, and the necessity therefor.*

6. *The practicability and expediency of reducing, consolidating, or otherwise changing the present organization of the Army with a view to promoting its efficiency and reducing its cost.*

And the committee is authorized to send for persons and papers, and may report by bill or otherwise.

Mr. Conger and Mr. Hale, respectively, made the points of order that the amendment proposed by Mr. Banning could only be submitted by unanimous consent, and that the unanimous consent given Mr. Mills to submit a resolution related to that exclusively.

The Speaker ruled that the resolution being before the House, by unanimous consent, was open to amendment under the rules of the House.

Mr. Mills made the further point of order that the proposed amendment was not in order, not being germane to the proposition before the House.

The Speaker sustained the point of order that the proposed amendment was not in order, on the ground that the same was already pending before the House, and therefore was, under Rule 48, not in order.

MONDAY, NOVEMBER 19, 1877 (p. 233).

The regular order being demanded, the Speaker announced as the regular order of business the bill of the House (H. R. 805) to repeal the third section of the act entitled "An act to provide for the resumption of specie payments," under the order of the House of the 5th instant.

Pending which,

Mr. Swann moved that the House resolve itself into the Committee of the Whole House on the state of the Union for the further consideration of the joint resolution (H. Res. 48) in relation to the international industrial exposition to be held in Paris in 1878.

Mr. Buckner made the point of order that the motion was not in order, the said joint resolution not being one of the regular appropriation bills exempted by the resolution making the bill of the House No. 805 (resumption repeal) a special order.

The Speaker overruled the point of order, on the ground that the language of the said resolution was, "not to interfere with *any* appropriation bills," and as the said joint resolution was clearly "an appropriation bill," it was exempted from the restrictive terms of the said resolution.

TUESDAY, NOVEMBER 27, 1877 (p. 278).

Mr. Crittenden moved that the rules be suspended, so as to enable him to submit and the House to agree to the following resolution, viz:

(For resolution see p. 278.)

Mr. Conger made the point of order that a motion to suspend the rules was not in order until after the session of to-day, the present not being one of the six days within which, under Rule 145, it is competent to move to suspend the rules.

The Speaker overruled the point of order and held the motion to be in order.

SATURDAY, DECEMBER 1, 1877 (p. 290.)

Mr. Mills moved that the rules be suspended, so as to enable him to submit and the House to agree to the following resolution, viz:

Resolved, That the Committee of Ways and Means be instructed to

so revise the tariff as to make it purely and solely a tariff for revenue, and not for protecting one class of citizens by plundering another.

Mr. Mills demanded the yeas and nays; which were ordered:

Yeas, 27; nays, 56.

Mr. John H. Baker made the point of order that a quorum had not voted on the said demand.

The Speaker overruled the point of order, on the ground that a quorum was not necessary to order the yeas and nays.

Mr. Clymer, at 2 o'clock and 25 minutes p. m., moved that the House adjourn; which motion was not agreed to.

Mr. Clymer moved to reconsider the vote by which the yeas and nays were ordered.

Mr. Burchard made the point of order that it was not in order to have the yeas and nays on a motion to reconsider the vote by which the yeas and nays were ordered.

The Speaker overruled the point of order, on the ground that the motion to reconsider could be made on any motion, whether carried in the affirmative or negative, except the motion to adjourn; and that, if carried in the affirmative, the question would immediately recur on ordering the yeas and nays, and, if then ordered by one-fifth of the members voting, a further motion to reconsider that vote would not be in order.

SAME DAY (p. 291.)

Mr. Wood moved that the House take a recess until 10 o'clock a. m. Monday.

Mr. Mills made the point of order that the said motion was not in order.

The Speaker sustained the point of order, on the ground that a motion to take a recess was not in order, pending a motion to suspend the rules.
